

FOR IMMEDIATE RELEASE APRIL 1, 2021

MooringInfo LLC Changes Name to LynxLog LLC

MooringInfo expands its permit offerings to all types of permits and licenses

BOSTON MA: MooringInfo LLC of Norwell MA announces its dba name is changing from MooringInfo LLC to Lynxlog LLC as of April 1, 2021.

The company founded in 2014 has expanded its offerings beyond the marine industry and now manages all types of permits and licensing across many municipalities and private organizations. John Vigilante, CEO states, *"We are excited to offer several more permitting offerings for our customer base and felt that our company name was not accurately reflecting our growth."*

This change is part of a wider integration process where the Lynxlog cloud based SAAS offerings have evolved to allow easy application, renewals and electronic payments changing the way permitting is handled for the public.

About LYNXLOG

LYNXLOG is a cloud based platform that enables organizations to manage all aspects of compliance through digital licensing, permitting and electronic payments. Enhanced logging and alerts and alerts facilitate information sharing cross borders to promote safety and security.
